

AGRIFUTURES YEAR 3

*Welcome to Celebrating a
Great Year 3!*

TEAM 1 ANC COMMUNITY GARDEN

JOSHUA O'HALLORAN

Key Outcomes

- Participants in the community garden have included over 130 people from the following groups: Master Gardeners, adult community volunteers, participants from workshops, students and instructors from the United World College, and Nature's Nino's.
- Developed a planting map for this season, installed drip irrigation and amended 1 acre of land with compost.
- 30 rows that are 75 feet long have been currently planted. 28 flats of 50 cells were planted in the green house and will be transplanted into the farm.
- Collaborated with Grandpa's community farm and developed a relationship and example for them to follow.
